## Description

Thousands of high-tech gadgets protruding from his outstretched fingertips and extending arms and legs. Inspector Gadget who has a body full of amazingly interesting tools but always solves every case whimsically. Brain, the incredibly intelligent puppy who helps him solve the case, and Penny, his adorable niece. Along with the hilarious Chief Quimby who always pops out of unexpected places and delivers secret orders.

These wonderful action figures which recreate amazing special abilities from the famous animation brings back the heroes of your childhood who linger in your memory. Inspector Gadget's special abilities are expertly recreated with several interchangeable parts. A number of Penny and Brain's parts can be replaced to recreate memorable scenes from the animation. Also, the deluxe version contains the connectable bases with each character and special speech bubble effects to create more dramatic and entertaining scenes in the play.
